# ONLINE SCHOOL SUPPORT

The **LISBON CLLD NETWORK** (Community-Led Local Development), within the COVID19 pandemic confinement, the impacts on school activities and aware of their asymmetries related to the social and family backgrounds, runs a wide **FREE ONLINE SCHOOL SUPPORT** program aiming to help students, from **7<sup>th</sup> to 12<sup>th</sup> grades**, to improve their academic success.

Started in **February 2021**, with an open call to hire volunteers and enrolment of students in need.

Aiming to combine available adults with teaching competences on key subjects and students needs and in risk of failing the school evaluations and exams, aggravated by a lower outside-school support system.

This initiative, inspired on previous CLLD projects, **employs approved ESF funding on a large-scale support program**, structured on **regular online sessions (2/week) between each volunteer and up to 5 students** (from same school class) with difficulties on a specific subject, **working together on their study**, homework and deepening of the curriculum defined by their schoolteacher, **until the end of present school year and final exams**.

The program is free-of-charge for the students and ensures quality and safety mechanisms.

**VOLUNTEERS** (40€/month/group of study): <http://bit.ly/3q5fnYT>

**STUDENTS** (by Schools, Parents or local NGO's): <http://bit.ly/3a2guTs>

**SCHOOLS** (agreements for dissemination, articulation with teachers and monitorization): <https://rededlbclisboa.pt/apoio-escolar/>
